

**Learning Objectives:**

Students are able to apply and develop:

- a) the id tag as navigation element on a one column web page
- b) file structure

- c) tables

[http://www.w3schools.com/html/html\\_tables.asp](http://www.w3schools.com/html/html_tables.asp)

[http://www.w3schools.com/css/css\\_table.asp](http://www.w3schools.com/css/css_table.asp)

<http://www.sitepoint.com/web-foundations/table-formatting/>

**Task Description:**

Implement the tables below into your one column webpage template.

**Additional:** Copy the table 2 time, adapt the content slightly and make use of the id tag.

Caption

**Questionnaire Results**

Question	Women		Men	
	Yes	No	Yes	No
Question 1	42%	58%	61%	39%
Question 2	53%	47%	69%	31%
Question 3	26%	74%	51%	49%
Average	40%	60%	60%	40%
